# Product data sheet
## BKD90-D-MA($D_1$)-($D_2$)
Bayonet- System cover in collar technology

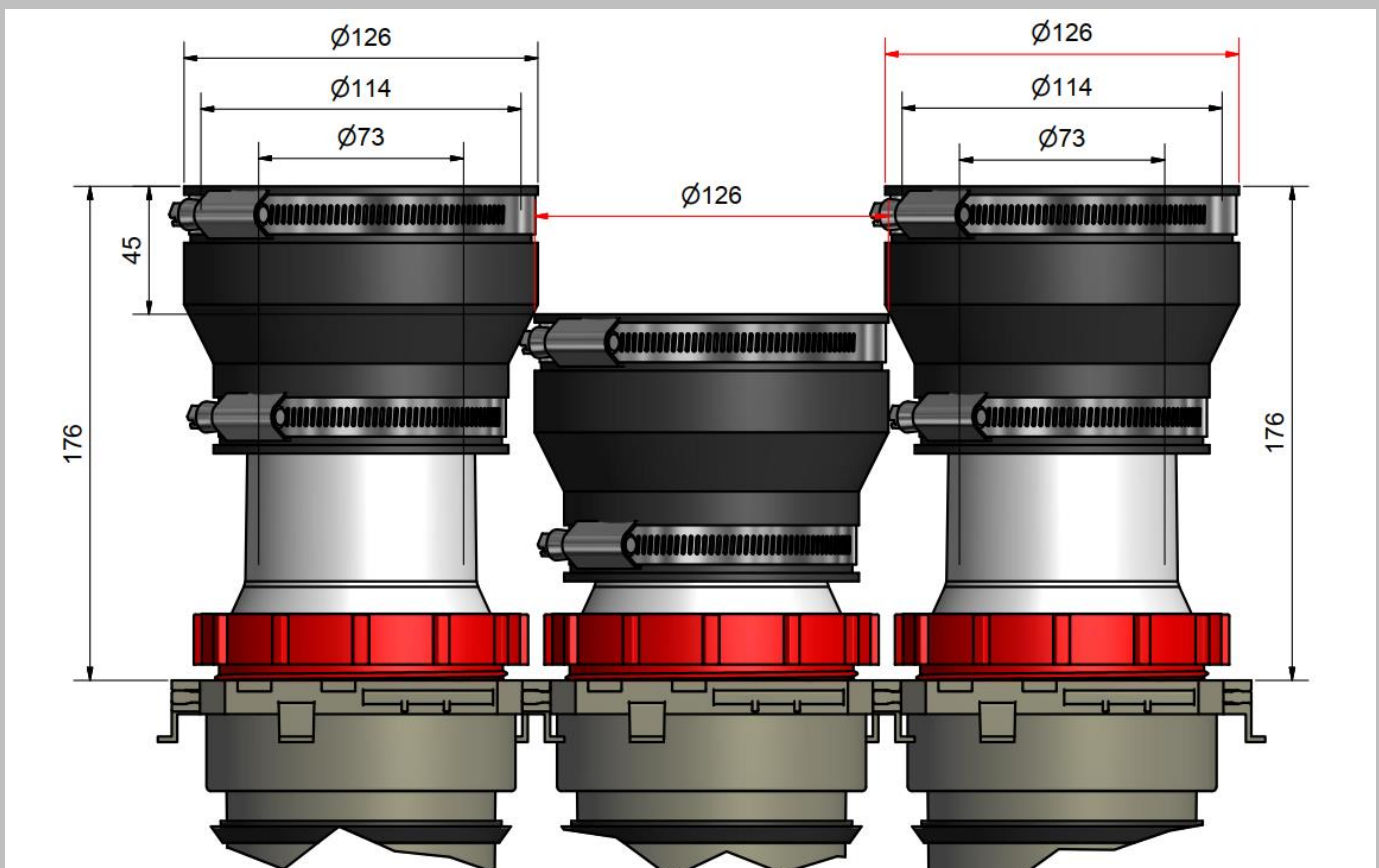

### Advantages and use:

- Elastic connection in collar technology
- for connection of conduit and cable protection systems (KSS80)
- for smooth-walled and corrugated pipes

### Technical data:

- gas- watertight up to 0,5 bar
- suitable for sealing sleeve BKD90 and BKD90 surface mount flanges
- **For the system cover BKD90-D-MA100-112, the axial dimension must be taken into account. For this case the normal and a shortened version exists**

### material specification:

Cover and clamping nut (PC), collar (EPDM), tensioning straps (V2A)
