

Product data sheet

BKD150-D-MA(D₁)-(D₂)

Bayonet-system cover in collar technique

Advantages and use:

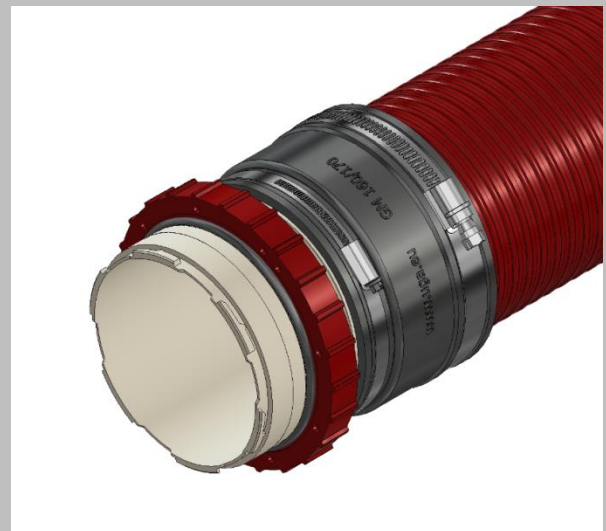

- Elastic connection in collar technology
- For connection of empty conduit and cable protection systems (e.g. KSS150, KSS125, KSS110, KSS80)
- Compatible with other marketable systems
- For smooth-walled and corrugated pipes

Technical details:

- Gas- and watertight up to 0.5 bar
- Suitable for sealing sleeves BKD150 and BKD150 surface mount flanges

Material specification:

cover and clamping nut (PC), collar (EPDM),
tensioning straps (V2A)

Standard versions:

Product	Clamping rage	KSS-tube
BKD150-D-MA65-75	65 – 75 mm	–
BKD150-D-MA75-90	75 – 90 mm	KSS80-S
BKD150-D-MA100-110	100 – 110 mm	–
BKD150-D-MA115-125	115 – 125 mm	KSS110-S
BKD150-D-MA130-145	130 – 145 mm	KSS125-S
BKD150-D-MA150-160	150 – 160 mm	–
BKD150-D-MA160-170	160 – 170 mm	KSS150-S
